SUMMARY

Bachelor of Applied IT undergraduate (expected graduation June 2027) seeking a Software Developer, Full Stack, Flutter/Mobile, Web or QA internship. Experienced in building full-stack web applications with PHP, Laravel, MySQL and JavaScript, mobile apps with Flutter, Dart and Firebase, and Java applications using data structures and algorithms. Skilled in data analysis with Power BI and graphic design with Canva, Photoshop and Illustrator. Led two university team projects and collaborated on a third using Git, GitHub and Jira.

SKILLS

- Java
- PHP
- JavaScript
- TypeScript
- Dart
- Laravel
- Flutter
- Firebase
- MySQL
- Database Management
- Git & GitHub
- Jira
- Data Structures & Algorithms
- UI/UX Design
- Networking Fundamentals
- Power BI
- Data Analysis
- Canva
- Adobe Photoshop
- Adobe Illustrator

EXPERIENCE

Full Stack Web Development Intern **October 2026**

Codomax Digital Solutions (Virtual Internship)

- Completed a 1-month virtual internship gaining practical exposure to full stack web development.
- Completed all assigned tasks through hands-on, task-based web development work and received a certificate of completion.

PROJECTS

Campus Store Management ERP System **Full Stack Web Application**

PHP | Laravel | MySQL | JavaScript | GitHub: github.com/jafeerabdullah/campus-store-erp

- Developed a full-stack ERP web application to automate campus store operations.
- Implemented inventory management, sales processing, staff management and reporting modules to reduce manual errors.

Abu Fashion Store – Mobile E-Commerce App **Mobile Application**

Flutter | Dart | Firebase | GitHub: github.com/jafeerabdullah/abu-fashion-store-updated

- Developed a cross-platform mobile shopping application with Firebase integration.
- Designed a user-friendly interface with product browsing and category navigation.

SwiftBilling – Single-User POS System **Group Project**

TypeScript | JavaScript | CSS | Jira | GitHub: github.com/jafeerabdullah/Swift_Billing-

- Collaborated in a team to develop a Point of Sale system for billing and sales management, tracking work in Jira.
- Contributed to application development, interface design and core functionality.

Data Structure & Graph Performance Analyzer **Team Lead**

Java | GitHub: github.com/jafeerabdullah/Data-Structure-and-Graph-Performance-Analyzer

- Led a group project implementing data structures, graph algorithms and searching techniques in Java.
- Performed performance analysis of the implemented algorithms.

University Student Record & Campus Route Management System **Team Lead**

Java | GitHub: github.com/jafeerabdullah/University-Student-Record-Campus-Route-Management-System

- Led development of a system combining student record management with campus route management.
- Applied programming concepts and data structures to organize records and routes.

Mini Hospital Emergency Management System

Java | GitHub: github.com/jafeerabdullah/MiniHospitalEmergencyManagementSystem

- Developed a Java application to manage hospital emergency processes, patient records and system operations.
- Applied programming concepts and structured problem solving.

EDUCATION

SLTC / ICST University Park **2023 – Present**

Bachelor of Applied IT (Reading) – Expected graduation: June 2027

G.C.E. Advanced Level **2022 / 2023**

Combined Mathematics – C, Physics – S, Chemistry – S

G.C.E. Ordinary Level **2019**

6 A passes (Mathematics, ICT, Tamil, Religion, English, Tamil Literature) and 3 B passes (Science, Commerce, History)

CERTIFICATIONS

- **Introduction to Cybersecurity** – Cisco Networking Academy (Student Level Credential), October 2026
- **Networking Basics** – Cisco Networking Academy (Student Level Credential), October 2026

LEADERSHIP & ACTIVITIES

- **Team Lead:** Led university project teams for the Data Structure & Graph Performance Analyzer and the University Student Record & Campus Route Management System.
- Participated in book fairs, blood donation drives, clean-up campaigns and the workshop "How to Handle Big Data?" at ICST University Park.

STRENGTHS

- **Problem Solver** (analytical thinking), **Detail Oriented**, **Team Player** (collaboration and communication), **Quick Learner** (adapts to new technologies), strong time management.
- **Languages:** English, Tamil, Sinhala (Basic)
